

Gezheng XU

Postdoctoral Research Assistant, Department of Computer Science
University of Western Ontario, London, Canada

✉ gxu86@uwo.ca | ☎ +1 (365) 992-9992 | 🎓 [Google Scholar](#) | 🌐 [Homepage](#)

Highlights

Research Profile: Trustworthy machine learning under distribution shifts, with a focus on domain adaptation, robustness, fairness, uncertainty-aware learning, and foundation models.

Publications: 21 peer-reviewed papers, including 6 first/co-first-author papers and 3 (co-)corresponding-author papers, in ICML, ICLR, NeurIPS, AAAI, IEEE TPAMI, IEEE TKDE, JMLR, and TMLR.

Selected Recognition: ICML 2026 Spotlight, ICLR 2023 Spotlight, Fields Postdoctoral Fellowship Award, Robert and Ruth Lumsden Graduate Award, and Graduate Student Teaching Award.

Education

University of Western Ontario, London, Canada Sept. 2021 – Feb. 2026
Ph.D. in Computer Science Grade: 94.3/100

Advisor: Prof. Boyu Wang and Prof. Charles Ling.

Beihang University, Beijing, China Sept. 2018 – Jan. 2021
Master in Industrial Engineering, Sino-French Engineering School Grade: 91.3/100

Thesis Title: Research on Pre-trained Language Model Based Biomedical Question Answering.

Advisor: Prof. Wenge Rong.

Paris-Saclay University (École Centrale Paris), Paris Area, France Sept. 2017 – Jul. 2019
Engineer's Degree (Diplôme d'Ingénieur, Double Degree) GPA: 4.07/4.33 (A)

Advisor: Prof. Fragkiskos D. Malliaros.

Core Courses: Algorithms, Graph Theory, Advanced Statistics, Discrete Optimization.

Beihang University, Beijing, China Sept. 2014 – Jun. 2018
Bachelor of Science in Mathematics and Applied Mathematics GPA: 3.73/4.00
Sino-French Engineering School Rank 4/111

Thesis Topic: Website Design and Function Improvement for “Tributerre” – a French start-up.

Major Courses: Mathematics, Physics, and General Engineering.

Honors & Awards

- Fields Postdoctoral Fellowship Award, Western University, 2026 CAD 25,000
- Robert and Ruth Lumsden Graduate Award, Western University, 2024–2025
- Graduate Student Teaching Award, Western University, 2023–2024
- Excellent Graduate Student, Beihang University, 2018
- China Scholarship Council Scholarship for Outstanding Undergraduate Students, 2017 RMB 100,000
- National Undergraduate Scholarship, 2015–2016 Top 1%
- First-class Academic Scholarship, Beihang University, 2015–2016

PhD Thesis

Trustworthy AI Under Distribution Shifts: Enhancing Generalization and Fairness in Deep Learning. (2026). Retrieved from Western University Institutional Repository [\[Link\]](#).

Academic Experience

Postdoctoral Research Assistant

University of Western Ontario

London, Canada

Feb. 2026 – Present

- Lead research on trustworthy machine learning under distribution shifts, focusing on uncertainty-aware source-free and test-time adaptation in both regression and classification settings.
- Develop methods for robust and reliable learning under limited supervision, data accessibility constraints, and target-domain distribution shifts.
- Mentor junior PhD students on trustworthy AI topics, including unlearnable example generation and time-series domain adaptation.

Mentorship

University of Western Ontario

London, Canada

May 2025 – Present

- Mentored junior PhD students on research projects related to trustworthy AI, including project formulation, experimental design, implementation, and manuscript preparation.
- Provided guidance on topics including time-series domain adaptation, unlearnable examples, and robust learning under distribution shifts.

Teaching Assistant

University of Western Ontario

London, Canada

Sept. 2021 – May 2025

- **Introduction to Artificial Intelligence** (Fall 2021, Fall 2022): graded assignments and exams, held office hours, and served as **Head TA** in Fall 2022 by coordinating the TA team, grading tasks, assignments, and the final exam.
- **Applied Logic for Computer Science** (Winter 2022): delivered tutorials and graded assignments.
- **Artificial Intelligence** (2023–2025): held office hours, graded assignments, and evaluated final projects; served as **Head TA** in 2024–2025 by coordinating the TA team, grading logistics, and routine course support.

Research Assistant

University of Western Ontario

London, Canada

Jan. 2021 – Sept. 2021

- Assisted in research on label-shift conditioned hybrid querying for deep active learning.

Industry and Internship Experience

Damo Academy, Alibaba Group

Research Intern

Remote (from Canada)

Oct. 2025 – Apr. 2026

- Conducted research on large-scale time-series foundation models, contributing to Baguan-TS, a sequence-native in-context learning model for time-series forecasting with covariates accepted by ICML 2026.

Murex*Integration Technical Consultant Intern*

Beijing, China

Dec. 2019 – Oct. 2020

- Assisted in bank risk control software interface design and workflow integration.

Commercial Aircraft Corporation of China Ltd*AI Department Intern*

Beijing, China

Jul. 2019 – Sept. 2019

- Participated in the Pilot Intelligence Instruction Manual project and investigated information retrieval and deep learning methods for aviation-related data.
- Built a BM25-based information retrieval demo for pilot instruction manuals and preliminary aviation data analysis.

Skills & Professional Service

Programming: Python (PyTorch, TensorFlow, NumPy, scikit-learn, pandas), Java, MATLAB, C, XSL/XSLT.**Languages:** Chinese (native), English (professional proficiency), and French (professional proficiency).**Leadership:** Vice-president of Students Union of École Centrale de Pékin in Beihang University (2016–2017); Head TA for CS3346/CS9146 and CS4442/CS9542.**Professional Service:** Reviewer for ICLR (2024–2026), NeurIPS (2022–2026), ICML (2022–2026), AISTATS (2022–2024), TMLR, and ACM Computing Surveys.**Selected Talks:** [Oral Presentation](#) at ICLR 2023, Kigali, Rwanda; invited talk at Vector Institute for Artificial Intelligence, 2025.
